MSc Project Management & Business Development Candidate, SKEMA Business School | Available for internship 01/09/2026 – 28/02/2027 (Convention de stage)

PROFILE

As an MSc Project Management candidate at SKEMA, I've been actively navigating our AI ecosystem building a no-code tool that lets a non-technical team run it without me, and training directly on the Anthropic API and Model Context Protocol (MCP) to understand how AI agents are built. I'm eager to bring that same service-oriented mindset to the AI Desk: bridging the gap between complex AI tools and everyday professional needs through intuitive documentation and, eventually, hands-on training for the community. Entering M2 in September 2026, with certifications in AI Literacy, AI Fluency, and CRM automation, and experience coordinating cross-functional teams and 250+ candidate records as the steady point of contact.

CERTIFICATIONS

Claude with the Anthropic API — Anthropic Academy (2026)

Model Context Protocol: Advanced Topics — Anthropic Academy (2026)

AI Literacy & AI Fluency — Data Camp / Anthropic Academy (2025–2026)

HubSpot Revenue Operations Certified — HubSpot Academy (Jul 2026)

Customer Relationship Management — HP LIFE / HP Foundation (Jul 2026)

Google Project Management Professional Certificate — Coursera (Apr 2026)

KEY PROJECTS

Green Office Tracker – Low-Code ESG Analytics Platform

Mar 2026

SKEMA Business School

- Designed and shipped a custom no-code Power Apps tool in a 7-day sprint, turning a manual reporting headache into an automated, user-friendly dashboard.
- Documented and tested where non-technical users could manage ESG data and trust the tool without needing me in the room.

Brand PRO – Cross-Functional Business Strategy Simulation, SKEMA

Aug – Dec 2025

- Coordinated governance across 5 international teams over 26 cycles, acting as the bridge for communication and ensuring all teams stayed aligned on complex project goals.

WORK EXPERIENCE

Talent Acquisition and HR Operations Specialist

Dec 2024 – Feb 2025

ADEPT People Staffing Solutions Pvt. Ltd., Hyderabad, India

- Was the go-to point of contact for corporate clients and candidates alike, explaining process, resolving confusion, and keeping 250+ records straight across Excel and Google Sheets.

Business Operations and People Experience Manager

Aug 2022 – Dec 2024

Pallavi Catering and Food Services, India (family-owned enterprise, 15+ employees)

- Coordinated 100+ live events and briefed a 15+ person team — comfortable running the room, not just the spreadsheet behind it.

EDUCATION

MSc Project Management and Business Development — M2 (Bac+5, Master's-level, French system)

Sep 2025 – May 2027

SKEMA Business School, Grand Paris Campus

B. Tech, Civil Engineering

Aug 2018 – May 2022

JNTU College of Engineering, Hyderabad, India
